OUR STORY

MULTIPLE STAR
PLASTIC PACKAGING

*The journey
begins here.*

About us

Multiple star Zimbabwe is a plastic packaging production company that was established in October 2005. The company was created to revolutionize and empower the local plastic industry. We specialize in the manufacturing and recycling of plastics.

Capacity

Multiple star Zimbabwe has the capacity to supply any demand, given we have been alerted within reasonable time frames. We thrive to satisfy our customer needs. We have 24-hour production working shift to ensure that demand is met. We pride ourselves in having the latest state-of-the-art machinery and technology in order to keep up with the current global trends and standards. We are currently working on obtaining ISO certification for our organisation.

VISION & MISSION

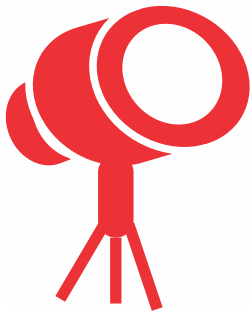

VISION

To be the **BIGGEST** producers of plastic packaging in and outside of Zimbabwe.

MISSION

Multiple star Zimbabwe is committed to producing and providing plastic of high quality with efficiency, to satisfy our customers needs.

To achieve this we:

Meet customer requirement and exceed,
Use the appropriate equipment and technology,
we have a motivated and empowered work staff

STATE OF THE ART TECHNOLOGY

MULTIPLE STAR
PLASTIC PACKAGING

PRODUCTION PROCESS

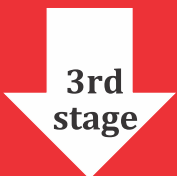

EXTRUSION: This is the 1st process of making plastic to form, colour, thickness and size that the customer requires.

PRINTED: This is the 2nd stage after extrusion, where the plastic is printed on with different colors depending on the customers design.

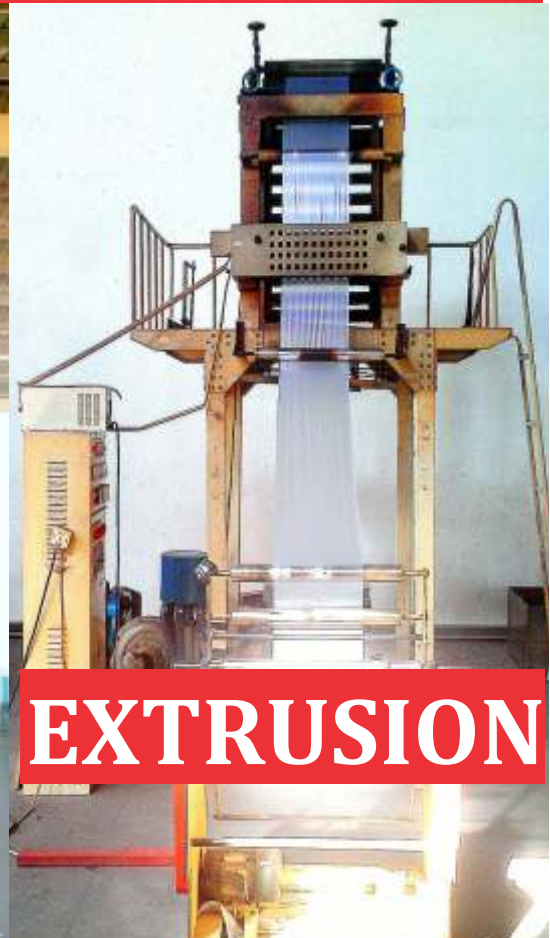

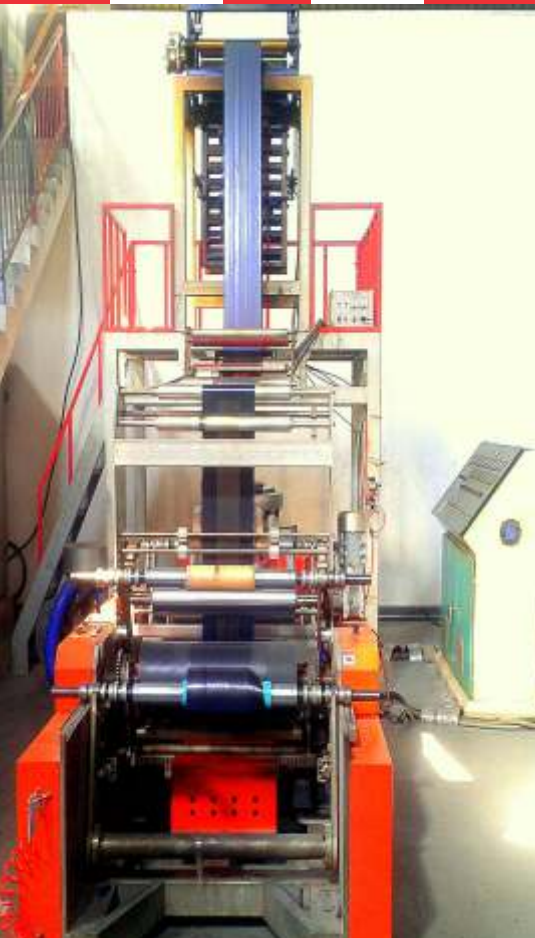

BAG MAKER: After printing, the bag proceeds to the bag maker where it is cut into its specific length.

RECYCLING: This is where all the useless plastic is recycle to reduce pollution and wastage of material
